### Summary of reasons for decision:

The computer image file is deemed objectionable because it promotes and supports the exploitation of children for sexual purposes.

The file has a highly sexualised image of a young girl posing nude. The image is intended for the titillation and arousal of those with a sexual interest in children. The availability of such material encourages this sexual interest and perpetuates the belief that young girls may be used for adult sexual gratification. The effect is to encourage the sexual exploitation of children.

The classification of this publication interferes with the right to freedom of expression set out in the New Zealand Bill of Rights Act 1990. However, this is an outcome that is consistent with Parliament's intention and is a reasonable limitation on the freedom of expression. The classification reflects the concern of a free and democratic society to protect its young and vulnerable members from sexual exploitation.
